CINCINNATI STRIKE MAY SOON BE SETTLED

CONFERENCE IS BEING HELD TO AGREE ON TERMS

Cincinnati, O., May 19—Representatives of the strikers and the traction company officials had not reached an agreement at 3:45 o'clock this afternoon. No attempt had been made to run cars up to that time.

(By Associated Press.)

Cincinnati, O., May 19—The tenth day of the strike of the employes of the Cincinnati Traction Company brought definite indications that a peace agreement would be reached within the next 24 hours.

Both sides today united in asking Judge Geoghegan of the Common Pleas court to postpone action on the petition filed by the city Saturday asking that a receiver be appointed for the traction company because of its failure to operate its lines. They gave as their reasons that an important conference was being held that might lead to a settlement and accordingly the matter was postponed until tomorrow.

Immediately following this action representatives of the traction company and the street car men's union resumed their conference. At noon they were still in closed session. The only information given out was this:

"We are endeavoring to reach an agreement."

No attempt was made to run cars today, and quiet prevailed throughout the city. The only indication of out of the ordinary conditions was the presence of an unusual number of policemen in the business sections.

No attempt was made Sunday to operate cars and although the streets were thronged with people there was no disorder of any kind.

(By Associated Press.)

Columbus, O., May 19—D. H. Sullivan, of the state board of arbitration, expects to go to Cincinnati tonight or tomorrow to make further efforts to bring about arbitration between the strikers and the street car company.

Mr. Sullivan does not believe the employes should be denied the right to organize. "There is no law to prevent them from organizing," he said, today.

Charles Adams and Will Ferguson, two North End young men, came into the city Sunday afternoon surrendering their jobs at the Eastenden hotel in Columbus.

RULING MADE IN WISCONSIN FREIGHT CASE

(By Associated Press.)

Washington, May 19—In a spiritedly contested case involving freight rates from Wisconsin points to Chicago, the inter-state commerce commission held, in effect, that a railroad was not warranted in exacting increase rates merely because it had not direct facilities for delivering the shipment. If it cannot afford to pay for terminal service, the commission says, "it will doubtless have to retire from competitive traffic."

"Happy Jack," as he was known by his friends because of his broad smile, that had won him his nick name, called back to the inmates of the cells a cheerful goodbye as he was leaving the prison. He was convicted of murdering Pat McGreen, known as "Paddy the Priest," a New York saloon keeper, last fall.

(By Associated Press.)

Columbus, O., May 19—Opposition to the confirmation of the sale of the Ohio Southern division of the Detroit, Toledo and Ironton railway was made in federal court here today by attorneys for the creditors. The court took the matter under advisement. The Ohio Southern division of the road was purchased by Herman J. Schmucker and Daniel B. Murray of New York, for $1,500,000 at Springfield, April 17.

Creditors' attorneys claim they can get a better price if the sale is set aside. The entire road is to be again offered for sale June 24th and it is hoped to sell the whole system to one bidder.

(By Associated Press.)

Atlanta, Ga., May 19—Reproduction in Atlanta today of a story in a New York paper charging that the election of John T. Stone of Chicago as moderator of the Northern Presbyterian general assembly "was the result of a deep laid political scheme" threw that assembly into a turmoil of excitement. Dr. Stone himself took the floor. He said he had not seen the publication and begged that the article be overlooked, as it must have been an error in judgement. Wm. T. Ellis, of Pennsylvania, who seconded Dr. Stone's motion, denounced the story as untrue.

Atlanta, Ga., May 19—The Northern Presbyterian conference in session here unanimously adopted a resolution authorizing the transfer of proposals for an organic union to the supreme judiciaries of all the Presbyterian churches in America. TO CONFIRM WILSON MEN

(By Associated Press.)

Washington, May 19.—Tightening of the lines to put through President Wilson's nominations began today when Democratic senators in caucus practically decided that the old custom of pairing should be abandoned so far as executive sessions and consideration of appointments is concerned. Democrats had great difficulty retaining a quorum in executive session, but without pairs is expected to keep enough senators present to conduct the fight for hundreds of nominations pending.

PROPOSAL BY SEN. KENYON

Hatfield Replies To Criticisms Of Labor Organization

(By Associated Press.)

Charleston, W. Va., May 19—Gov. H. D. Hatfield issued a signed statement today replying to criticisms of his policy in the miners' situation made at a mass meeting at Wheeling of the Ohio Valley Trade and Labor Assembly. The governor in part said:

"The military will be relieved from duty when I am assured of law and order and when such characters as you and your co-workers cease to agitate trouble. Who is the better judge of what is necessary to protect life and property, the man on the ground or your organization, 200 miles away?

"The miners have returned to work, want my protection, and have asked for it themselves. They are satisfied and working. Your acts and motives are ulterior and of a revolutionary character. The miners on Paint and Cabin Creek are co-operating with me, but the anarchists are not. They flourish when revolution and labor troubles are rife."

FOXY SUFFRAGETTES EMPLOY OTHERS TO BURN HOUSES

(By Associated Press.)

London, Eng., May 19—Confirmation of the hints that the militant suffragettes are employing women of the lower class as members of their arson squad were made today when Nellie Robinson was arrested outside the famous new college chapel at Hempstead. The woman described herself as a servant and said she was awaiting the arrival of two suffragettes under whose direction she was going to fire the church. The police magistrate before whom the woman was charged remarked that she seemed to be in course of training as a professional petroleum incendiarist under miscreants worse than herself.

MINE PROBE IS TO BE VOTED ON BY SENATE

(By Associated Press.)

Washington, May 19—Although a vote is expected before adjournment of the senate today on the Kern resolution for an investigation into conditions in the West Virginia coal fields those opposing the resolution hoped to be able to have it referred to a committee to report as to whether any investigation should be made or not. Should it develop that the resolution cannot pass in its present form those favoring it probably will propose that it be referred to the same committee, directing, however, that a sub-committee of three conduct an investigation.

Any o' you folks who may be figurin' on attendin' th' White House dances needn't spend any time learnin' t' "Turkey Trot" or "Bunny Hug." They don't "go" there. Guess Mrs. Wilson must have heard o' th' recent troubles that our neighbor Huntington had with these zoological diversions an' put th' ban on 'em before they had a chance t' get started. Here's th' weather for tomorrow:

Ohio—Showers late tonight or Tuesday. Slightly warmer Tuesday.

Kentucky—Generally fair tonight and Tuesday. Warmer Tuesday.

60th Anniversary Of Jr.O.U.A.M. Celebrated

Fitting tribute to the 60th anniversary of the founding of the order of United American Mechanics was paid by Council No. 36 of this city and a number of outlying councils, Saturday night.

Members from councils in Scioto, Lawrence and Pike counties attended the ceremonies. In its pretentiousness and impressiveness the function climaxed any that has ever been held in the history of the local order and the visiting delegates were profuse in their praise of the success of the affair.

One of the leading addresses of the evening was made by R. G. Campbell, state manager of the beneficiary degree. Two state officers, W. A. Clark of Tippecanoe City, and J. G. Ritter of Canton, failed to attend the meeting.

During the course of the evening Mr. Campbell established a record by writing twenty applications.

The initiation of a large class of candidates featured the evening's observance. F. A. Adams, R. T. Evans, C. A. Greggory, N. M. Kent, H. Ramey, W. E. Reynolds, W. Layher, G. Ramey were initiated into the Portsmouth council. I. Russell and B. F. Dillow took the Mt. Vernon chapter degree. I. M. Bennett, Stockdale, F. W. and C. W. Irwin, Scioto Furnace, and A. Saddler, New Boston, were others who rode the ritual goat. Splendid work was executed by the local uniform rank in administering the degrees.

As the dessert for the evening's menu of celebration, a sumptuous banquet was served, during which toasts and repartee scintillated and sparkled and added a tinge of revelry to the occasion.

The different councils represented Saturday night were: Portsmouth council, South Webster, Buena Vista, Wait Station, Scioto Furnace, Scioto, McDermott, New Boston, Stockdale and Mt. Vernon and Ed Lawless camps from Lawrence county.

Harms Students

More Than Most Anyone Else

The Chief of the Presbyterian Hospital in N. Y., Dr. Fisher, tells one very easy way to avoid some physical ills.

His comments on

COFFEE

are most interesting (see letter in southeast corner)

If the subject appeals to you, try leaving off coffee and tea entirely, use Instant Postum and carefully note, day by day, the return to health and strength.

A level teaspoonful of Instant Postum in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more, and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

Postum comes in two forms.

Regular (must be boiled)

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in cup of hot water.

Goes To Chicago To Be A Witness

Dr. S. P. Fetter left Sunday for Chicago, where he is to be a witness in the celebrated Spanish peanut suit to be heard before Judge Landis in the Federal court today.

Involved in the suit is a carload of peanuts which got caught in the local N. & W. yards during the flood. Several bottom tiers of the peanuts in the car got wet and legal action has been brought to determine whether it would be a violation of the government pure food regulations to sell those not touched by the water.

W. D. Harris, United States Food Inspector, recently visited the city and secured Dr. Fetter's opinion of the condition of the water during the flood. He received a telegram Saturday, subpoenaing him in the case, and responded to the summons.

"Clincher" Paint

We know a paint which holds to the wood like a driven nail. Seasoned lumber is porous. The pores are the empty sap-cells. White lead paint, which dries on the wood in the form of a solid, elastic film, fastens into these pores, and the whole coat of paint is actually riveted like armor-plate to the surface it decorates and protects.

Anchor White Lead
(Dutch Boy Trade-Mark)
and Pure Linseed Oil

make the paint that spreads into a solid body. It becomes a part of the wood itself—an outer layer that preserves the life of the lumber.

We sell it as well as other painting requisites. Come in and have a talk with us about painting.

Mother's Day Kept At Manly Church

The deferred "Mothers' Day" service was held at Manly church yesterday morning, and a very good crowd was in attendance to listen to the interesting sermon which was given by Rev. Hart upon the text, "Behold thy Mother." The minister emphasized the fact that it is always the hand that rocks the cradle that rules the world, and that motheirs' influence is not only the primary influence in a child's life, but that it always stands first, even after that child has grown to manhood or womanhood.

Every mother present at the service was given a badge of white ribbon with the word "Mother" in gold lettering, instead of the customary white flower.

An inspiring song service opened the meeting, and old songs were sung that have warmed the hearts and cheered the lives of men for ages past.

Last night Rev. Hart gave the second in his series of discourses on the theme of "Sabbath Observance."

Saw Wrecking Of Cincy Street Car

Joe Deckelman, watchmaker and diamond setter at Walter Wilhelm's jewelry store, was a witness to the street car riots in Cincinnati Friday and Saturday. Joe chanced to be passing the corner of Fourth and Vine streets, when sacks of cement and other building material were dropped from the upper floors of the 31-story Union Central building, on top of an Elberon avenue car, wrecking it on the spot. Joe says the guilty parties could not have timed their deed more perfectly, the missiles striking the car square in the center of the roof. Joe returned home Saturday night.

Wife Beater Fined And Sent To Jail

Beson Myers, a moving van driver, was fined $25 and sentenced to 10 days in jail by Mayor Fred N. Tynes Monday for wife-beating.

Mrs. May Myres, wife of the teamster, exhibited her right arm to the court to show the bruises inflicted by her husband, also pointed to a scar on the head, said her side pained her terribly and that she could show other bodily bruises if necessary. She said they were married June 22, 1912. They got along all right until the last flood. He remained out an entire night saying he had to work and has since made a practice of staying out until late hours every night and when questioned about where he had been would abuse and strike her. She said that on last Thursday he picked her up bodily and threw her across the bed then choked her to prevent her from calling the police. She was so weak after the assault that she was unable to arise long enough to remove her shoes or undress. She said Myers never got drunk and even when drinking was more agreeable than when he was sober. The most he ever drank was Sunday morning when he drained a half pint bottle and backed her up against a wall ready to strike her when a neighbor rushed in and prevented him from doing her harm. Myers had little to say in his own defense save that his wife had picked up a small gun they have at their home, corner Fourth and Gay streets and threatened to shoot him. She also drew an old mace on him that had been given to him by Officer Baer when he moved the latter back home after the flood. No sooner was Myers led from the court room when his wife woman-like asked the privilege of sending him his meals.

"They will see to it that he gets plenty to eat," said the Mayor.

Sam Johnson, a gaint police character, was fined $10 and costs for assaulting his former sweetheart, Hattie Johnson. Telling him he was a general disturber and that he was tired of seeing him in court every few weeks the Mayor promised Sam 60 days in the workhouse the very next time he was arrested.

James Duckett, who was arrested by Officers Baer and Flowers for assaulting E. Ackerman, was released on $20 bond. Ockerman was so badly used up in the fight which occured on Fifteenth street Sunday that he was unable to appear.

Gus Treat and Earl Abrams, two well-dressed young men, who spent the night in prison for fighting at the rear of Bond street school Sunday evening, were released with a lecture by Chief Phillipps. The boys claimed they were merely sparring but according to the police they had a mix-up over a girl.

RED ORDER RESCINDED

Washington, May 19—Red no longer is the official color designated by the post office department for street letter boxes. An order that the boxes be painted vermillion or coach red was abrogated today because of protests from many cities that mail boxes frequently were confused with fire alarm or street garbage boxes.

Dark green probably will be adopted.

TAKE LIST OF PUPILS

Joe Mitchell and a corps of assistants including John H. Murray, Miss Lena Nickel, Mrs. L. Zucker and Miss Potts of Seaman, O., have started the annual school enumeration.

The numerous changes caused by the flood make the work unusually difficult this year and instead of beginning at the Point in the West End and working east as in former years the enumerators this time have commenced on the Hill Top and are working south. Precincts C and D of the Third Ward show good gains while Precinct E of the Fourth Ward shows a loss of five. It is hoped to finish the work in two weeks.

LOOK YOUNGER! DARKEN YOUR GRAY HAIR WITH SAGE TEA

Says Sage and Sulphur Will Stop Falling Hair and Cure Dandruff

Common garden sage, brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair.

Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggy and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss. Some druggists make their own, but it isn't nearly so nice as "Wyeth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally; so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight and by morning all gray hairs have disappeared. After another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever.

Local druggists say they are selling lots of "Wyeth's Sage and Sulphur," and it surely helps folks to appear years younger.

PLAN FOR TOWPATH

Engineers Somerville and Wilhelm spent the day Monday in the vicinity of the towpath on the West Side surveying with the view to determining the most feasible method of improving the West Side road.

Members of the board of county commissioners have expressed an opinion that they secure the co-operation of the Cincinnati, Georgetown and Portsmouth Traction company in constructing a road that will replace the old West Side road and have as its terminus the road leading to Carey's Run along the hill.

Joe Mitchell has been authorized by the commissioners to look up the title of an old road which opens at the elbow lock's supposed to be owned by the commissioners but not in actual use for the past twenty years.

Dog Could'nt Ride, Woman Would Not

This is a story of a woman's devotion for a dog, a lean, lanky hound, equipped with long ears, spiral legs and a sharp eye:

Leaving Carter City, Ky., Saturday, Mrs. James Carter started for South Portsmouth. On the following train was the hound, boxed and peeved. In some unaccountable way Mrs. Carter lost the baggage check for her dog. Arriving at South Portsmouth she was in a dilemma. Telling a story that smacked of the good old wholesome truth, a sympathetic baggageman took Mrs. Carter's word for the lost check feature of the story and when the dog arrived she identified the king of the hunting field. Then the trip across the river was begun. Reaching a street car on this side of the Ohio another difficulty confronted Mrs. Carter.

A stern conductor politely informed her that dogs were not permitted to ride on the street cars. Mrs. Carter was the picture of abject disappointment as she surveyed the unswerving fare collector in his suit of blue and brass buttons. Her destination was four miles away, New Boston. Undaunted by the rules laid down by the street railway company Mrs. Carter started to walk to New Boston.

Proudly she led her friend and companion, her hound dog.

Through the city she plodded her way with the hound dangling from a short rope. Striking the Gallia pike she walked all the way to New Boston, where weary and tired she located her relatives.

But she saved her dog and that was compensation for the drain the enervating trip made upon her surplus energy.

Central Church Will Discuss Another Site

Whether the congregation of the Central Presbyterian church will remain in the present church property or sell that and find a new home on the Hill Top will be discussed at a meeting of the church body to be held tonight.

The site of the Central Presbyterian church on the corner of Seventh and Chillicothe is one that has been looked upon with envy by a number of business enterprises, and at least half a dozen offers have been made to purchase the site for a business structure.

Although the recent flood did not damage the property materially it did make some expenditure for repairs necessary.

This fact together with the tempting offers that have been made for the church site, have a great deal of weight with some members of the congregation. It is expected that there will be adherents for both the old site and some new one, at present not decided upon, when the matter comes up for discussion this evening.

The new blower for the church organ, recently purchased, is now being installed and will be in working order by next Sunday.

Boy May Lose Eye From An Accident

Arthur Swickert, the 14-year-old son of George Swickert, grocer at the corner of Ninth and Waller streets, may lose the sight of his right eye because of the promiscuous batting about of stones by small boys.

The lad, who attends the Union street school, was playing with other boys this morning when a stone batted by a stick in the hands of another lad, struck him with considerable force directly in the right eye.

The boy was blinded by the blow, and as he did not seem to recover his sight, was finally taken to the office of Dr. F. R. Williams, who after a careful investigation recommended a specialist and the lad was taken to the office of Dr. Mytinger, of the First National Bank building.

Little hope is held out to the lad or to his parents, as the blow was such that the eyeball is bruised deeply and the delicate tendons and membranes injured so severely that he stands a very slender chance of being sable to ever again use the wounded member.

SPRING HERE; GYPSIES TOO

A band of gypsies, traveling in five wagons, struck town Monday noon. Soon the women of the party ran amuck in the East End, begging and offering to tell fortunes. Officer Jim Dixon got on their trail and chased them to the city limits. Jim says there were fully 15 children among the party.

GAINS AND LOSSES SHOWN IN REPORTS

First returns of personal property assessors commenced to trickle into the auditor's office, Monday, when Russell Gilliland, of Harrison, Chas. McCorkle, of Morgan, and M. G. Allen, Jr., of Rush townships, were the first to file complete returns.

Total appraisement of property in Rush township amounted to $89,374, an approximate loss of $61,000 over 1912, due to many parties moving out of the township.

Harrison township's personal property is appraised at $101,700 in 1913 a comparison to $112,810 in 1912. This township also shows a loss.

Harrisonville school district forges to the front with a gain. The 1913 assessment is $29,855, compared to $25,100 in 1912.

Morgan's gain is approximately $3,000. The 1913 assessment is $57,754. In 1912 it amounted to $54,550.

Mrs. Cora Copenhaver, who sold her property at No. 1219 Gay street to Bernard Sommer, moved to Columbus Monday. She expects to start a boarding house there.

WANT ROAD REPAIRED

County Commissioner J. J. Spencer conferred with Mayor Fred N. Tynes Monday relative to having the contractors laying the mains for the new water works, east of New Boston, repaired so that it is passable. There is an agreement between the city, the contractors and the county that the road is to be restored to its former condition. As yet, the commissioners claim, they find no effort has been made to abide by this contract.

PORTSMOUTH DRUGGIST DESERVES PRAISE

Wurster Bros., Druggists, 40 Chillicothe street, deserve praise from Portsmouth people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis, and it has now been discovered that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. It's quick action is a big surprise to people.

Columbus, O., May 18.—Members of the Ohio Millers' Association closed their session by electing these officers:

President, Lee F. Grabill, Massillon; vice-president, Richard Patton, Springfield; treasurer, H. W. Fish, Marion; executive committee, Everett Thierwechter, of Oak Harbor, John Bohlkamp, of Ironton, W. E. Lewis, of Sabina, and J. T. Miller, of Canal Dover.

MR. BRENNAN AT HOME

James P. Brennan and family returned home Sunday night from Cincinnati, where he has been serving on the Federal jury ever since early in April. The court has adjourned until June 2nd. Jim wanted to be excused from duty so that he could repair the damage done to his properties by the flood, but so many others had been excused on these grounds that he was turned down.

Register For Ferry

A new collecting system will shortly be inaugurated on the local C. & O. ferryboat.

The members of the crew will be equipped with nickle registers, such as are used on street cars in some cities, the passengers themselves to drop their money into the devices. The men claim the plan will cause all sorts of delay and annoyances, for example, if a man with a team and loaded wagon must pay thirty cents, he will have to drop six nickles, one at a time.

Elevators Come.

Big elevators for the Hibbs Hardware Co.'s new building on Sixth street and the Brodt Shoe Company's factory building arrived here from the Warner Elevator Co., of Cincinnati, Monday.

QUICK LOANS

SUPPOSE you needed fifty dollars and had to have it quick. How would you get it? Have you stocks, bonds, or real estate to offer as security? And if you have, what bank will accept your securities? Or do you borrow from friends? Borrowing on chattels, such as household goods, pianos, etc., is the quickest, as well as the popular way to get a needed loan in a limited time, quietly and confidentially, and the security remains in your possession.

We are, by far, the biggest and best institution engaged in making chattel loans. Our low rates and liberal plan inaugurated by this company have raised the borrowing standard of this community and put it on a plane never before attempted by any other concern. Do not confound us with the old style money lenders who advertise one rate and charge another.

Borrow $20 from us four months at a cost of $ 2.53.
Borrow $25 from us five months at a cost of $ 3.33.
Borrow $50 from us five months at a cost of $ 6.67.
Borrow $75 from us six months at a cost of $10.50.

DENTISTS GATHER FOR THE MEETING

Dentists from five counties, includes Drs. William H. Tremper, and Ross mobilized here Monday for the purpose of attending the quarterly meeting of the South Eastern Ohio Dental Society.

Following a business session at the home of Dr. W. D. Tremper the "molar extractors" left on the afternoon train on the N. & W. for Camp Arion, where they will enjoy a chicken dinner tonight. Through an order issued by Supt. J. T. Carey the fast train on the N. & W. stopped long enough at Arion to deposit the dental experts. Before adjournment is taken Tuesday the annual election of officers will be held. P. W. Young is the retiring president. The committee in charge of the reception tendered the visitors included Drs. Adams, Lawrence, Pike, Scioto Ruggles, Maffey and Moore.

Who Gets Money?

Columbus, O., May 19—Flood relief work of the Red Cross will result in the distribution of $1,800,000 according to estimates made today. So far $500,000 has been distributed in the Miami, Scioto, Muskingum and Sandusky river valleys. The Ohio river valley towns also are to be given their share.

It is estimated that the work of the Red Cross will be finished in another month. The work is being rushed with all possible speed.

Monday the Red Cross will send $50,000 to Dayton and half that amount will be given to Columbus. This week other cities have been aided. Hamilton received $25,000; Zanesville, $10,000; Middletown, $5,000 and Tiffin, $7,000.

Came On Their Motorcycles

Three Chillicothe, O., motorcyclists, Everett Edinger, Walter Wooster and Howard Whalen, dropped into the city Sunday, the guests of the local Motorcycle club, and incidentally took in the Cobbler-Nuler baseball game.

May Sign Munk

There is a strong possibility of Portsmouth signing a seasoned pitcher to bolster up the hurling staff of the Champs.

Rudy Munk will arrive here Tuesday to confer with President Galleman and Childs relative to affixing his signature to a local contract. Charleston has offered to sell Munk to Portsmouth, providing that Munk can come to terms with the local team.

Joe Schneider has returned from a few days' visit among relatives and friends at Ripley, O.

Frank Schumann, a cigarmaker, left Monday to spend a week on his farm near Blue Run, near Harrisonville.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise:
How can I get rid of moles?
Mary

If they are boring holes in your yard, Mary, why not set the cat on them.

Dear Miss Wise:
Please tell me what kind of paint and powder to use to make myself beautiful.
Kiddo.

Paint and powder will never make one beautiful, Kiddo. Regular habits of life, moderation in food, drink and amusements, enough sleep, and freedom from worry will do more than all the cosmetics in the world to make a woman good to look upon, while if she is friendly and kind, and in sympathy with others, forgetting self, the attraction she has will be increased a hundred fold.

Dear Miss Wise:
I am deeply in love with a young man 2 years my senior. We had a falling out about two weeks ago and I wrote to him that he could come down and see me last Sunday and he came down past my house but he did not stop. Please advise me what to do as I love him very much.
Brown Eyes

There is nothing more you can do, Brown Eyes only await developments. Do not write to him anymore. Transfer your attentions to some other young man for awhile and if he loves you he will be glad to make up.

Dear Miss Wise:—I have been married for the past nine years, and in the last few days I have found that my husband has not been true and has left town.

What is your advise, hunt him up and prosecute him or let him go?

And I would like your advice on how I can make a living, as I only have one son, and he hasn't his trade learned yet.
Broken-Hearted Wife

Don't bother about your husband and he will probably come back sooner than if you tried to make him return. I should think you could find employment in some good family or in the factory, and with this and your son's wages could get along nicely.

Dear Miss Wise:—Will you kindly publish in your column as soon as possible, how to remove a stain made by fruit frappe on a gray crape meteor without injury to the dress? Anxious

Put a pad of blotting paper under the spot stained and sponge well with chloroform, making the spot wet. Leave the blotting paper there until the material is quite dry. If this fails you might try pure alcohol in the same manner. But, as gray is a delicate color, I would suggest that before trying either of these detersives you moisten a bit of the material with the liquid you propose to use and note the effect on the color of the fabric.

Dear Miss Wise:—I am in love with a certain boy and I talk to him every chance I get, but he has never made a date with me. I would love to go with him. Please advise me how to get him,
Bright Eyes.

Probably if you were'nt so crazy about him he might pay more attention to you. Try being indifferently pleasant to him instead of forcing your attentions upon him and see how it works.

Dear Miss Wise:—Is it proper for a girl to write first to a boy after they have fallen out and the girl is to blame. Also is it proper for a girl to call a boy up over the telephone? Kentucky Girl.

You might write him a note of apology if you care to but don't make it as penitent as if your life depended upon a reconciliation. Don't call a boy up over the phone unless you have something really important to say to him.

Dear Miss Wise:
Some time ago I fitted a dress on a Sunday, according to my mother's request, or rather demand, although I did nothing except to stand while she put it on and tried to fit on me, my conscience has bothered me a great deal since. Do you think I sinned in fitting on a dress on the Sabbath? When I did so, I tried to justify myself by saying that it was not work and therefore did not violate one of the commandments; also that I saw other so-called Christians even sewing on the Sabbath, and above all that I must obey my parents. But before I could hardly think that in spite of all these things our first duty was to God. My parents are not Christians, and I am trying to become one by myself by reading the bible and having Christian companions.
Reader

Would it have been more Christianlike to have defied your mother and made the day unhappy for both of you, than to allow her to fit the dress on Sunday? Being a Christian means more than reading the bible and having Christian companions. Christ went among all kinds of people and by his kindness and goodness and helpfullness he made them better. You were not working for wages, but helping your mother, when she fitted the dress. She was working for you.

If your mother had no other time to fit the dress only on Sunday, and it was absolutely necessary for her to do it on that day, then she did no wrong. My dear girl if you never do any worse on Sunday or any other day than fit a dress you will be all right.

Don't be a Christian "snob" my dear. Be human and lovable and helpful and considerate of others along with your going to church and reading the bible,—that's real christianity?

Dear Miss Wise:—What will make me a little fleshier in the face? I am fleshy enough but my face is so thin that it makes me look older than I am. Is there anything that I could massage it with without ruining my skin?
Mae.

Massage the face gently with any good skin food. It is the massage that really helps. Before massaging, bathe the face in quite warm water, then dash with cold water. Practice puffing the cheeks frequently. If you have had any of your teeth pulled, have the spaces filled by the dentist.

Dear Miss Wise:
I am a sixteen-year-old girl, with blue eyes, light brown, curly hair, and I am the biggest flirt in town. Do you think I do wrong in flirting with show people, especially the music men. I think I am awful cute and have a good many fellows but turn them down as none of them suits me. I go to a good many shows and have a fine time with my fellows! Well Dolly do you think this is wrong?
B. K.

I certainly do think you are doing wrong my dear, and if it wasn't for the fact that you are only 16 years old would say that girls like you are a disgrace to womankind. It is a pitiful sight to see a beautiful young girl cheapen herself like you have been doing. But you are young and foolish and do not know any better. You must have very careless parents who would allow you such privileges. Please try and conduct yourself more ladylike in the future.

The Times' Birthday Calendar

It Tells You Your Future if You Were Born on This Day—

IF THIS IS YOUR BIRTHDAY

A systematic arrangement of all your affairs, especially those concerning health and wealth, will surely gain you a great advantage toward the end of the year. You are warned against wasting time in purposeless discussions.

Those born today will be intelligent and energetic and generally fortunate. Their danger will be from growing up under narrow, bigoted surroundings, instead of the broad, scientifically correct training which will best develop their character and powers.

Mr. Earl Blake, the popular assistant city engineer, arrived home at noon today from a week's visit in Toledo, bearing with him the title of "Benedict." MORE SEATS FOR BALL PARK

Marting's PORTSMOUTH, O.

WAGING WAR ON KENTUCKY DOGS

Directed by unknown parties, a wholesale raid of extermination seems to be aimed at dogs along the border-line of Kentucky, between McCall and Fire Brick.

Following close on the death of six dogs and one horse at McCall, Ky., Friday night, when two men opened fired on the canine tribe, no less than nine other dogs are reported dead, either from poisoning or shooting.

The latest victims were the property of persons at Fullerton, South Portsmouth and Fire Brick.

Two strange men are working down the river, leaving dead dogs in their wake. So far all efforts of the officials to capture them have been futile.

Will Get $50 For Arresting Deserter

Walter Darby, aged 21, a son of Mrs. Tennessee Darby, of No. 102 Twelfth street, was arrested by Police Officer Henry Clark, Saturday evening, as a deserter from the U. S. Army.

Darby was taken to Columbus by Officer Clark early Monday, there to be delivered over to the commandant of the U. S. Barracks. Officer Joe Stekley, whose vacation began Monday, accompanied him on the trip. Clark will receive $50 for his capture. Darby had been in the city for a week or more, but other officers did not know he was wanted, nothing having been said to them. Clark, by mere chance, happened to get a glimpse of the war department's notice of his desertion among a file of papers at headquarters. Officer Rome Arthurs saw him sitting on a box in front of George Gims' grocery, at Eleventh and Findlay streets, a few days ago. Darby was not particularly disturbed over his arrest and said he could have escaped through the front door of his mother's home, for he saw Clark enter a rear door. He was a member of Company G, Sixth U. S. Infantry, enlisting April 10, 1911, and deserted from the Presidio, San Francisco, Cal., September 13, 1912.

ANT IN HIS EAR WAS BOY'S LATEST PREDICAMENT

As the weekly event of his life, William Milton Brookman, eight-year-old son of J. B. Brookman, 921 Fourth street, got an ant in his ear Saturday.

Just a week ago he was shot through the hand by a steel jacket bullet, which accidentally exploded when he tossed it into a bonfire. The wound is healing nicely. Dr. S. P. Potter removed the pesky little creature from the lad's ear.

City Wins In Suit

The city is winner in the damage suit brough against it by Fred Zehner though a rumor said that the city stands to lose several hundred dollars.

The circuit court affirmed the decision of the lower court which found for the city. City Solicitor Stanley McCall represented the city in the case which grew out of the Portsmouth Engine Co. runing a switch past the Zehner property on Fourth street into its premises adjoining. Zehner had given the company permission to place the switch but claimed that it was raised a foot higher than agreed upon. He has since sold the property and gone to Los Angeles, Cal. to locate.

Another Big Crowd At Trinity Class

(By H. M. S.)

The Men's Big Bible class at Trinity only lacked sixteen of having an even 200 present Sunday morning, and several well-known and enthusiastic workers were unavoidably absent, while one prominent gentleman, who came 33 miles on purpose to attend the session of the big class, was "kidnapped" and made to "herd" with the "rah-rah boys." Judge Charles Gableman came all the way from that sin-cursed town of Waverly to meet up with a nice class, but on his way to Sunday school he was abducted by Mr. John T. Breece and taken captive into the camp of the young men, a most flagrant breach of etiquette and distinct and outrageous violation of Article No. 107892, made and provided for the government of Sunday school organizations. The matter will be taken before the Sunday school authorities, and, if necessary, carried up to the National Commission.

There was the usual fine song service at the opening, Miss Katie McMillan presiding at the piano, Prof. Chas. C. Bridwell read the scripture lesson and Mr. George Beumler led in prayer. The genial and efficient teacher, Prof. J. H. Finney, soon got the large class interested in the lesson, "Joseph Meets His Brethren." The question, "Is a man at 65 able to do a man's work?" provoked much discussion. Mr. W. W. Donaldson claims "the can and if not, it is his own fault," but Prof. Finney said, "in the general average, they can not," and emphasized the fact that one should prepare for old age in the time of youth.

On the question as to whether Joseph told the people the meaning of Pharaoh's dream, there was a decided difference of opinion, and when the famine had gone on for five years, Joseph, or some one else, began to drive some hard bargains with the people's funds for food. "Was that square?" Prof. Finney stated that the famine was one of God's plans to bring Jacob's family together and closer to God."

Mr. Lancaster, who vies with Mr. W. W. Donaldson for the honor of being the original and strongest Joseph man and supporter in the class, defended Joseph for marrying outside his family, and to a heathen princess, who was a worshipper of Ra, the Sun God. Mr. Lancaster "got by" beautifully, but he will be in for a strenuous time when Joseph—"Joseph and Benjamin." Everybody come!

but he will be in for a strenuous will be taken up again.

Mr. Finney then made an earnest plea for right living. He said in part: "Ever be on your guard as one may do something in six minutes that sixty years can not undo. Build your life true; be pure in thought and action. 'Be true to thyself and thou cannot be false to anyone.'"

Among the pleasant visitors was Mr. W. L. Davidson, of Huntington, who with his wife is visiting his brother, Vernon Davidson and family. Good thing Mr. Davidson came under escort, or who knows—maybe Mr. Breece would have kidnapped him, too.

Kentuckian Dies In A Pistol Duel, Gun Man Makes Escape

In front of the little church at Red Hot, Ky., Sunday morning, death lurked for W. K. Osborn, aged 40, married, when he engaged in a duel with Louis White, aged 23. Guns, in the hands of the two men, cracked several times and Osborn fell in the road, mortally wounded. He lived only a short time.

The scene of the tragedy is twenty-two miles up Tygart Valley, back of Fullerton, Ky. where feuds are born and settled, sometimes in a day and other times last for generations.

Osborn and White were bitter enemies over the alleged mistreatment of a smaller brother of White several days previous.

Both lived in the same neighborhood and both went to the same church. Sunday was the first time the principles had met since the precipitation of the trouble by Osborn's alleged mistreatment of the youth.

After the shooting which was witnessed by a number of churchbound people, White made his escape to the hills and has not been seen since.

BIG CROWD AT CHURCH

So much interest was manifested Sunday at the services conducted at the Christian church at Fullerton that all of the congregation could not be accommodated in the limited seating space of the church. Rev. Oakes, conducted impressive services throughout the day and four accepted the invitation to enter the church.

Chicken Thief

A Chillicothe pike woman complained to the police that a man, whose name she gave, had stolen eight of her best chickens Saturday. She said she had had enough trouble without courting more, her home having been destroyed by fire a week ago. Police Clerk Steve Elliott did not learn her name.

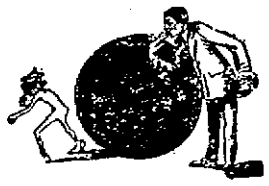
Pimples Source of Great Danger
May be Means of Absorbing Disease Germs in Most Unexpected Manner.



Bid Farewell to All Blood and Skin Diseases.
The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.
It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world.
This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis and similar diseases resultant from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 157 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.
Get a $1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.

For Delicate Children
A Mother's Letter to Mothers
Mrs. E. W. Cooper, of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."
Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.
Therefore we ask every mother of a weak, sickly, or ailing child in this vicinity to try Vinol on our guarantee.—Frank Amann, Druggist, Market street, Portsmouth, Ohio.

Thomas Mugavin, who was one of the leading speakers for the Wets during the local option fight here a few years ago, is taking a conspicuous part in the big street car strike in Cincinnati. He has been making speeches and busy popularizing the catchy slogan, "Stick Mit De Bunch" suggested by Secretary Kemper of the Brewery Workers Union. The phrase has been adopted by unions throughout the city and appeared on many banners in the big parade of the strikers and sympathizers last Friday.

Property 'Highered'

John Jones, the retired plumber, said Saturday he had fully decided he would never build on his vacant lot on Chilicothe street. Asked if the flood had depreciated his property he said "No Sir, it has 'highered' it and I hold it at $2500 per foot. My price before the flood was $1800." Mr. Jones said he was confident of getting his price for it in the not distant future. He said that he was distantly related to the late Pierpont Morgan and was also an heir of King Henry of England, and but for having sworn allegiance to this country would still be heir to a big fortune.

Home From Trip.

Horace L. Small and Will Doherty returned Sunday from an automobile trip to Chillicothe and Columbus. They accompanied Mr. and Mrs. Hughey Rudity as far as the Capital City.

Arch W. Smith of Columbus, Ohio, delivered a lecture yesterday on the subject of "The Deceptions of Satan," speaking under the auspices of the local class of the International Bible Student's Association. He was firm in his conviction that the Bible is the word of God, and presented scriptural evidence to show how Satan has succeeded in deluding mankind.

Beginning with the story of the fall of Eden, the speaker showed how Satan successfully ensnared the first pair, through deceiving Mother Eve. God had given the warning that the sin of disobedience would meet with the penalty "dying thou shalt die." Satan's first lie was a contradiction of this statement of God. (Gen. 2:17, 3:4). From Adam's day until ours the devil has succeeded in making the majority believe this lie. From it have sprung, not only the beliefs of the savage and heathen, but it has found its way into the creeds of Christendom, and permeates the teachings of the modern institutions of the state and church.

He said as a result the bible is discarded by the worldly wise and the scientific, as well as those ministers who lean toward the teachings of Higher Criticism and Evolutionary theories. Thoroughly blinded by Satan's delusions, these are setting themselves up as wiser than Christ and the Apostles whose writings plainly discredit any such theory of man's creation. The idea of the Evlutionists is that man gradually ascended from the lower forms of life through progressive stages of development and that through the law of the survival of the fittest he will some time reach the ultimate perfection of being. This idea is directly opposed to the teachings of the Scriptures, which show that man was a special creation of Jehovah, and that he was created perfect in the image of God. He might have continued in this perfection forever in the Edenic condition, had he not wilfully sinned by disobeying God's law of life. It was Satan's lie that started mankind downhill, and brought the whole race under the law of sin and death.

IRONTON NAILERS GIVEN A BEATING SUNDAY

Splendid Crowd Saw Champs Maul Kearns

CONTEST WAS SCRAPPY AND FULL OF FRILLS

(By F. W. SHERIDAN.)

Those charging, captivating Champs of ours drove several spikes into the coffin hopes of the Ironton Nailers Sunday afternoon when they trimmed their up-river rivals by the ratio of 5 to 1 before one of the most magnificent audiences that ever gathered together and whooped things up at beautiful Millbrook park.

Every seat in the grandstand was taken, while standing room was at a premium. The bleachers was a solid mass of humanity, while the side lines were ten feet deep with earnest and per-spiring fans. And there was not a second during the game that one could hear himself think. That keen rivalry that has marked the ups and downs of the fans from Ironton and Portsmouth ever since "Heck was a pup," broke out the instant the crowd began to assemble, and it was in evidence every second of the exciting conflict, which had as many frills to it as a new petticoat.

It was a scrappy, hard fought contest and the locals won because they hit when they had to. They attended every artistically to Mr. Kearns, who, up Ironton way, is regarded as the king Bee of the Ohio State league. In fact the Champs made it so interesting for the tall fellow that he licked himself out of the game rather than stay in and take his beating like a well behaved athlete should do. He followed to the footsteps of his manager, Mr. McClintock, who was chased by Umpire Schuler because he persisted in ragging beefing. The work of the umpire could not be called into question. It was a hard game in which to officiate, but Mr. Schuler gave his decisions as they appeared to him and by fair-minded fans his judgment was not questioned.

The fact is that the Nailers should have been humbled by a much larger ratio, for the Champs did some weird work on the sacks, three runs being tossed away when it looked as though they might be needed. However, Edward Hartwig, who hurled for the Champs, was such an obstruction in the path of the Nailers, that three more could have been tossed away and then the locals would have had twice as many tallies as their adversaries. Hartwig allowed one run in the first inning, the visitors getting a jump on him, finding his offerings for three safeties before he got his bearings. After that, however, he settled down like a tub and held the visitors in the hollow of his hand, making them perform any kind of a trick he desired. They made but three hits in eight innings, and their chances to score were nil.

Mr. Kearns, who has been twirling some phenomenal ball since the bell tapped, went along nicely for several innings and then faded like a rainbow. When he began wavering the stuff was off so far as the Nailers were concerned. The Champs, who had been feeling him out for several innings, proceeded to get busy with their war clubs and soon had the game safely tucked away, safe and secure from the prying eyes of the Irontonians, who would rather have won that particular game than see pay-day roll around. As stated previously, Hartwig was too much for the Nailers. In the last eight innings but four men got to first, which conclusively demonstrates that King Ed was there with the diamond and spangles. He kept making the visitors do the Turkey Trot and Rooster Strut at the plate and held the supreme hand at all stages.

The Nailers started right off the reel, making their run before the game had proceeded three minutes. Shucky Taylor was given a life on Bevan's error. Manager McClintock tried to put him down, but bunted right into Hartwig's paws. Nally singled, but was slain trying to stretch it into a two-bagger. Guhl flipped a safety to short, Taylor trotting home. Whalen sent a Texas leaguer to right that went for a two-bagger. Guhl should have scored, but he was left on third, admiring the crowd when Kendall lofted gently to Edwards. That was all for Ironton.

Not until the fifth frame did the Champs break the ice. In this frame Beers started the assault with a beauty bright to middle. The Sioux City Indian was scalped in less than fifteen seconds when he went asleep at the switch, McClintock getting the putout and Moore the assist. Biddy's thoughtlessness was costly, too, for Hartwig singled to right, which would have put the pride of Armstrong, Iowa, on third. Baggan walked and Emmett Cain then cut the melon by a drive to left, Hartwig hot-footing it for home in jig shape. Baggan made third on the play and should have scored on Homer Cain's fly to Kendall. The latter can't throw a fly let alone a ball. Baggan made the bluff at scoring and should have gone through with it, for Kendall's check was wide and it was twenty minutes in coming in. Conwell then proceeded to whiff.

The locals tossed away a chance to make a couple of scores in the fifth. Southworth drove beautifully to left, taking a couple of bases. He, too, became lost in thought and was soon extinguished. Kearns to Clouser. Jimmy Edwards drove a double to left and took third on Bevan's out. He made a bluff at stealing home a couple of times and then proceeded to go through with it. Edwards rarely starts a thing he can't finish. Catching Mr. Kearns winding up like a windless he stuck his head between his legs and a streak of white flew towards home and glory. Sliding in he was over the plate before the astonished Mr. Moore knew if, with the second run of the game. The visitors put up an awful squack, which eventually compelled the umpire to chuck McClintock and Kearns out of the game.

In the seventh Baggan walked, took third on Emmett Cain's single and was a success at home very artistically by the elder Cain. With Linson pitching the locals pinched off a couple in the eighth. Bevan walked and Beers beat out a hunt. Hartwig sacrificed, Baggan hobbling one a mile a minute to right, taking three sack and scoring Bevan and Beers.

Fine crowd, scrappy game, well earned victory, beautiful weather—just the fans' delight. The score:

NOTES.

The crowd was one of the largest that ever witnessed a game in Portsmouth. It was well behaved and chuck full of enthusiasm. The attendance was augmented by a delegation of over 500 fans from Ironton, who lost their voices after the Champs had run up the score in the fifth inning. The loyal rooters of the Champs never once lost confidence in the boys' ability to win the game and kept up a perfect din of noise from soup to nuts. When Edwards stole home with the tying run that put the Champs in the lead in the sixth, a whoop went up that shook the foundations of the Ironton House. Of course the visitors put up an awful yelp, claiming that Edwards was out. The umpire was right over the play and was in a position to call it correctly, which he did. Moore touched Edwards on the nap, but after the big fellow's legs had hit the plate. It was a senseless piece of kicking on the part of Manager McClintock and Pitcher Kearns, incidentally a costly one, for they were socked a five-spot each, which will mean they will have to cut down on their rations while at home.

After the first inning Hartwig had the visitors completely bulldozed. Had it not been for an error on the part of Bevan, King Ed would have had a no-hit out. At that he was not right. Hartwig has now won four games and has his first one to lose. Guess the Michigan chap is in for splendid this year.

Johnny Baggan had a field day at batting, reaching first every time he stepped to the plate. He secured three hits and two walks. The Piqua lad is even better than last year, and is acknowledged to be one of the most valuable players in the league.

Some poor work on the base paths cost the Champs no less than three runs. Beers was caught at first after connecting for a pretty single, while Southworth duplicated the performance at second after driving a double-jointed blow to unguarded territory in the next frame. Baggan should have scored on Homer Cain's fly to right. Kendall, while a good fielder when it comes to pulling 'em down, cannot throw worth a cent, and Johnny could have come home standing up. Kendall's throw to the plate was 20 feet wide and Moore muffed up the toss. Of course, the Chahups, as it afterwards turned out, did not need the runs, but at that it was not the kind of stuff to pull off, especially before such a splendid crowd. The fans forgave the boys, however, and will not hold it against them if not repeated.

President Gableman was all smiles yesterday. The crowd really excelled his expectations. It was a fitting testimonial to the great game. Many came out to have some fun at the expense of the visiting fans, their chief booster being a negro, who was soon silenced by "Big Seven Welcher," a gentleman of color also.

Kearns is a good pitcher, but was not good enough to beat the Champs. He has not as much stuff as Trautman and the locals kept plugging him at regular intervals. The score should have been at least 8 to 1. At that the biased fans of Ironton went away claiming Umpire Schuler had given them the worst of it. Schuler was not to blame. One Edward Hartwig was the cause of it all.

The prettiest play of the game was pulled off by Bevan, the Caldwell recruit. With a man on first, Kearns drove savagely over second. It looked a base knock all over, but Bevan hopped onto it like a cat would a rat and stepping on second whipped the ball to Edwards in plenty of time to execute a double massacre. It was one of the prettiest plays ever seen at the park and even the visiting fans applauded the execution of the play. You know it had to be some play to draw out any approval from the Irontonians.

Reed Davidson, of the Ashland Independent, ensconced a "cushion" in the press stand. Reed kept pulling for the Nailers from start to finish. He has not lost his admiration for the Irontonians, despite the fact that he has now become a full-fledged Colonel, sah. The sporting editor of The Irontonian was also an interested spectator, and he lost several pounds during the conflict. In fact the press stand was so crowded that all a fellow could do was to wiggle. Come again, fellows—always room for one more.

Homer Cain pulled off a beauty stop at the expense of Taylor, who hit a fast one right on the nozzle. It went like a shot to short and was too hot to hold. Cain blocked it, however, and tossed out Shucky by a step. Taylor, by the way, is playing a good game for the Nailers. He is popular with the fans and while not hitting with any degree of regularity, is scoring as many runs as the next one, and runs win ball games, providing you get more than the other fellows.

The Champs will leave Tuesday for Chillicothe where they play three games. From there they go to Hamilton, where they play next Sunday. A large crowd from here will see the game. From Hamilton they go to Huntington for three in a row, May 26, 27 and 28. They then return to meet Lexington, when the fur will fly.

SAYS NAPS HAVE CHANCE FOR PENNANT

Displaying a 6x8 smile because of the splendid showing the rejuvenated Cleveland team is making in the American league, Scout Billy Doyle returned home Sunday in time to witness the Ironton-Portsmouth game. He says the Naps are imbued with pennant aspirations and will exert every effort to cop the American league bunting.

"The club is going along smoothly and is winning a big percentage of its games despite the fact that Lajoie and Birmingham are out of the game," said Doyle Monday. "The fans are with the club and all the players are in fine condition save Larry and Birmingham. Joe Jackson simply owns Cleveland by reason of his grand hitting and brilliant fielding," said Doyle. "You can talk about your Cobbs, Milans, Speakers and all the rest of the great outfielders, but this boy Jackson is in a class by himself," said Doyle.

Ban Johnson has invented an arrangement that is a great time saver. No foul balls are gone after and the game is never delayed. The club has installed a slot and as soon as a ball is recovered it is tossed into the slot and then rolls into what is called the ball pit. As soon as a ball is fouled out of the park the pitcher gets another one and the game goes right on. Johnson is exercising fine judgment in his effort to cut out every surplus minute.

Sent Down Noisy Bunch To See Game

What the Ironton delegation lacked in numbers Sunday was made up in boisterousness. It was the noisiest, dippiest, rambunctious gang of rooters that ever filed into Millbrook park.

Armed with noise-making devices of every description, they kept up a perfect din until the Champs tied the score. Then a few of them swallowed their tin horns.

When Portsmouth forged ahead many of them gently concealed their hammers, rammed pop bottles into their vest pockets and swapped their mail-filled hats for cheap caps.

A dead game bunch as long as the sun shone on them, but the minute a cloud appeared in their sky they predicted a storm and for once an Ironton prediction came true. There was some raging, sweeping storm in the sixth, seventh and eight innings. The gang came in for some awful kidding, but it was of the good natured brand that helps the game and keeps up the friendly rivalry.

No personalities were indulged in and the crowd enjoyed the repartee almost as much as the game. As soon as the film, "Robbed By the Umpire," was dug out of the archives and run in three reels, the Ironton contingent yelled goodbye to the operator and ducked. They couldn't stand the gaff.

The Boy Scout league opened Saturday with three good, fast games, and all three contests were hugely attended. Down in the West End the Bigelow Champs and the West Enders had a great opener. Orson Oeler of the Boy Scout council addressed the boys before the game, and pitched the first ball. Up in the East End two real fast games were pulled off and before the teams went out for pay it. C. Murphy, president of the Boy Scout league, made a neat little speech to the teams, and threw the first ball across the pan to Assistant Scoutmaster Nutter, and then the fun began in earnest.

East End 5, Hilltops 4.

The boys from the hilltops got a bad start in the second, due to Bailey's wildness. After filling the bases he walked the fourth man, forcing in a run. Wagner's two-bagger and Matthews's single netted the East Enders three more, piling up four in this inning. The East Enders did not score but one more time, and that was in the sixth, when with the bases again full, Bailey walked Ledwick, forcing in another run.

"Rube" Ledwick pitched a great game for the East Enders and was in mid-season form. The real excitement was in the last round. With the score 5 to 3 against them, the Hilltops made a desperate attempt to tie it up. Morris led off with a beauty two-bagger, and scored on Henson's single, the score now being 5 to 4. Grimes, the next man up, got a walk. The mighty Wagner saved the East Enders' scalp by catching Brady's fly to deep left after a long run, and catching Henson at third, making a quick double play. Geiger smashed a hot liner to Fortner, who made a sensational stop of it and got it to first in double quick time, but Hopkins was over-anxious and dropped it. At this juncture the Hilltops attempted the squeeze play, and Grimes made a desperate effort to steal home and tie her up, but he was nabbed at the plate by Ehmeir and the East Enders won by the score of 5 to 4.

Both of these teams put up a great game and are two of the most evenly matched in teh league. The score:

By bunching hits in the second and Buchert's home run in the third with one man on, the Baptists got an early lead over the Trinity Cubs, winning out finally by a score of 5 to 2. Ackerman, the Baptist twirler, was in great form and held his heavy hitting opponents down to four scratch hits and striking out eight men. The feature of the afternoon's contest was Buchert's home run in the third over center field fence. The score:

Bigelow walked away with the West Enders in the opening game on Saturday, whitewashing them to the tune of 9 to 0. It was a pretty game until the seventh, when bad errors allowed the Bigelow boys to put four runs across the pan. The pitching honors were evenly divided between Turvey and McKinney, both striking out ten batsmen during the game. The score:

HOLY CODFISH, LOOK AT THIS

In a record smashing game at Hamilton Sunday, Chillicothe trounced the Hams by the exceedingly farcical score of 21 to 21. Each side used four pitchers, eight heavers taking part in the memorable battle.

Hamilton made 20 hits and the Babes made 26. Shoveline led with six hits out of six trips to the plate, three of the wallops being doubles. Probably all previous minor league records in point of runs, as well as hits, were broken by this epochal slugging game. Hamilton made nine runs in the opening inning, yet the Hams were overhauled and beaten. The score:

Doyle After Catcher

Scout Billy Doyle, who arrived home Sunday from Cleveland, left Monday for Hamilton where he will confer with the club owners there. He will visit Lexington, Maysville and Huntington before returning home. He is pulling the wires to get a catcher for Peggy Moore's team.

"Give Peggy a good throwing catcher and the Burley Cubs will be up in the race. The trouble with the team is that its catchers have been unable to nip opposing base runners who continue to steal bases at will against Moore's backstops," said Doyle Monday.

FANS HAD TWO SPECIALS

There is more real enthusiasm being shown in the Ohio State league this season than any time since this minor league organization was formed seven years ago.

Each city is backing its club to the limit and hundreds of fans are making special trips each Sunday to root for their club. Sectional rivalry is a great thing, baseballically speaking, or commercially. Charleston played in Huntington Saturday and the fans of the West Virginia capital city ran a special on the C. & O. to Huntington. Three hundred made the trip and the boys carried a band with them.

The Charleston fans came right back Sunday with another special, and 700 made the jaunt. And the Senators copped both games, 3 to 2 Saturday and 3 to 1 Sunday.

What Do You Know

Baseball is a great old game.

It is as hard to dope out as it is to learn the bank account of some old money-saving old maid. Here is the Cincinnati Reds leading the National league in hitting and in fielding, yet the club is firmly entrenched in last place. Can you beat it? Then some people have the temerity to yelp and yowl about dope, so-called form and all that rot. Just think of a club leading all the others in the two most essential features of the old pastime, fielding and hitting, and still be riding serenely in the cellar.

CHARLESTON WON SUNDAY

Keep your eye on that Charleston gang. The Senators have just copped three on the road. They won Sunday from Huntington by a score of 3 to 1. The score:

Ouch, Ooo! Bing!

Bill Hinchman's fast flying Senators stepped some Sunday. They blanked St. Paul twice in one afternoon, the scores being 1 to 0 and 3 to 0. Wonder what Harry Hinchman had to say about those stinging defeats? Harry, you know, is a brother of Bill and he is a member of the St. Paul team.

Batting 256

Al Bradwell picked up in his batting very nifty the past week. He jumped from .197 to .256. In 50 games he has made 30 hits. Brid's lifetime batting season has been nothing short of marvelous.

Midgets Licked

A lead of five runs accumulated in the first two innings was not sufficient for the Midgets to sail the game, and the Eagles moved from off of a victory, 11 to 9, in their game at Strauss park Sunday afternoon. A good crowd of rooters saw the fray.

The Midgets entered the battle with a quitted lineup, as their regular pitcher, catcher and third baseman took a vacation and failed to show up.

The Eagles clouted Hoerr unmercifully and wrenched victory from his grasp. Brown did the Midget catching. For the victorious Eagles, Test, Hughes and Russell wore the battery. Test, who started the game for the Eagles, was hauled off the lot in the second inning when the Midgets jumped on him for a cluster of five rounds.

The First Christian and Manly Methodist teams were winners over the second Presbyterians and Bigelow Methodists in two one-sided games played at the Si Straus park in Earlytown Saturday afternoon. A crowd estimated at 300 was out to see the fun, and despite the fact that the grounds were heavy the players went through their performances with but few slip-ups.

The First Christians put it all over the Second Presbyterians, the score being 13 to 1. Manager Reinhardt of the winners used thirteen men, his team made 13 hits and scored 13 runs. When he saw that the contest was sewed up he called in several of his recruits and gave them a chance to perform. Shumate, who twirled for the winners, allowed but four hits, while the winners hammered the delivery of Crowder and Roth to all sections of the field.

Manly found Bigelow a pipe. There was never a time when the B. M.'s had a chance of a show. This team as well as the Presbyterians will fight it out for cellar honors unless they are strengthened. The scores follow:

Jack Harter pitched but three innings against Boston Saturday and allowed but one hit. It was a homer over the short right field fence and with a runner ahead of the batsman. One of these days Harter is going to pitch in a full game and it will be the day that the Reds will win.

TRADED THEM FOR LEMONS

There was the cutest little gang of chappies down from Ironton Sunday.

They were there with ribbon in their hair. They were straw hats of the sombrero pattern and in the crown they had nails stuck in them, we suppose to let the fans know that such a commodity was manufactured in Ironton.

As long as the Nailers were leading the talcum powder crew made merry, but when the Irontonians began to slip the kiddies traded their nails for lemons and departed in sheer disgust.

2 Games Here

By a queer twist of the schedule-makers in the Ohio State League Portsmouth has two Sunday dates in Maysville, and Moore's team plays here on two separate Sundays. Chillicothe also has two Sunday games here, one in August and one in September.

Is Going Some

Walter Johnson may lose a game this season for Washington. It is a remote possibility.

Honestly the way he is pitching and the classy manner in which he is being backed up, it looks like he may go through the season without straying from the cup of defeat. He beat Detroit Sunday 2 to 1 and chalked up his eighth straight game.

Horrors Tramp Forced To Take Water Bath

Police Officer Rome Arthur adopted some strenuous means of dealing with an unusually repulsive hobo answering to the name of Pat McGinnity, Monday morning.

McGinnity had been locked up Saturday night for drunkenness. On Sunday morning he provoked a light with a fellow tramp, George Smith, and the two were locked in cells. Both were ordered out of town Monday morning. Smith complied but the other stopped in the North End and proceeded ot tank up. He boldly walked into Mrs. Robert Oakley's home on Findlay street. Thoroughly frightened, the woman fled screaming into the street. McGinnity calmly came out of the house and stretched out on the front porch for a quiet snooze, which was rudely disturbed by the officer a few moments later.

McGinnity had a full pint of booze on him when searched. Arthur was unable to exact any promises from him, he stubbornly ignoring the policeman, who then got a garden hose, attached it and treated the unruly one to a good drenching. The pressure finally got too strong for him and he arose from the floor. Rome locked him in a cell, but he had no sooner left the cell room when the hobo began singing merrily as though having enjoyed the enforced bath.

TOES MASHED BY WHEELS OF TRAIN

Carl Hagerman, a bartender employed at Joe Henkle's saloon, narrowly escaped death under the wheels of an N. & W. freight train at Fourteenth and Chillicothe streets Sunday evening.

Hagerman attempted to board a moving freight to ride to the East End but lost his footing. All of the toes of his left foot were mashed and the toe nails torn off. He managed to throw himself in the clear in slighting. A company surgeon responded to a hurry call and removed the injured young man to his home at No. 1708 Eighth street. His employer is at French Lick Springs, Ind. and Ed Odle has taken temporary charge of the business.

Souvenirs Will Be Given At Columbia

Souvenir photos of both Miss Edith Storey and Miss Leah Baird, the popular stars of the Vitagraph company, will be given away at the matinee performance of the "Hearts of the First Empire" at the Columbia Tuesday afternoon.

The pictures will present a story of France in the days of the Little Emperor, and the historical association alone would make it well worth seeing, but in addition the costumes of the period are closely copied and the history of the day given with great vividness. Miss Storey is one of the best liked actresses that plays for the Vitagraph company and she always draws crowded houses whenever it is known that she is to appear before the picture screen.

WILL INSPECT HARUGARI TONIGHT

Jacob Flick, of Cincinnati, grand-harden of the Haru Gari, will attend the local order tonight to conduct the annual inspection.

He has visited all the larger cities in the state with the view to getting some estimate of the damage suffered by members of the Haru Gari for the purpose of distributing relief.

Mowry Is Signed

Sam Mowry, of this city, has signed to twirl for the Ironton Nailers and will leave with that team this evening. Mowry has been pitching ball for several years and is regarded as plenty fast enough for the Ohio State League. His speed is terrific, while he has all kinds of curves. His only fault is lack of control, but that he will steady down is a cinch, for he will now get daily practice. Manager McClintock has picked up a gem in Mowry, who has a host of friends in this city, all of whom will wish him the best of luck. He has been pitching for the Midgets and Steel Plant and rarely lost a game.

Mr. Ditty Is Back

George A. Ditty, one of the live wires in the circles of Woodmen of the World, has returned from Ashland, Ky., where he attended a meeting of the executive committee having in charge the tri-state Woodmen meeting, which is to be held at Clyffeside Park on July 19, a meeting which will be attended by not less than 2,000 people. One of the features of the meeting will be a competitive drill, and the local team will be one of the contestants. Mr. Ditty expects to arrange for a special train on the above date, in which event probably 500 Woodmen from this county will be in attendance.

Renewed Contract

Arthur Gerlach, circulation manager of the Catholic Columbian, renewed his contract with the firm publishing the paper, and will leave Tuesday for a swing through Ironton, Ashland and Huntington.

Will Take Colonial

Negotiations were practically completed Monday whereby Al Bradshaw is to take over the Colonial cafe and pool room on Gallia street. It is most likely that Jim Zeigler will be associated with him in running the pool room. A. G. Spriggs, the Jackson man who has been operating the place for the past few months, retires because of ill health.

Exciting Honeymoon At Lyric Theatre

At the Lyric today the show is a two-reel comedy, "An Exciting Honeymoon," a very clever farce, full of very funny situations and comical mixups. EZRA JENKINS BADLY BEATEN UP IN THE NEW BOSTON JAIL

New Boston was considerably stirred up Saturday night over the arrest and subsequent beating of Ezra Jenkins, former deputy marshal, the assailant being William Tammey, at present a deputy marshal. There are conflicting stories of the affair, which seems to have grown out of the muddled political situation in the village.

Jenkins had been removed several weeks ago as deputy marshal by Mayor Lewis. Saturday night a friend of his by the name of Church was arrested for intoxication and Jenkins and his brother went to the mayor's office to get him out, but failed to do so. They went away and Ezra Jenkins later returned to the mayor's office where he indulged in a few remarks about matters in general and New Boston affairs in particular.

According to the story told to The Times Monday by Miss Nettie Jenkins, sister of Ezra Jenkins, who said she had thoroughly investigated the trouble, this is what happened:

Ezra Jenkins began kidding Councilman Bill Cottle and John Bell, a street commissioner, indulging in some joking remarks about them, to which they replied in like spirit. Mayor Lewis, who was also present in the mayor's office, interrupted and told Jenkins to cut out his remarks or he would order him locked up.

Jenkins told him to go ahead and lock him up if he wanted to, but that he had done nothing to warrant being arrested.

At this Deputy Marshal Bill Tammey made his debut on the scene, according to Miss Jenkins' story. Tammey discarded his mace and badge and remarked to Jenkins that he had heard that Jenkins had boasted that there was no one in New Boston who could take him to jail, and that he, Tammey, was going to show him.

Jenkins denied that he had made any such remark. A few words passed and then Tammey struck Jenkins on the cheek, knocking him down. Bystanders interfered and prevented further trouble then. Mayor Lewis ordered both men locked up.

According to Miss Jenkins, Tammey was locked in a cell while her brother, Ezra Jenkins, was locked in the corridor simply. She alleges that some one slipped into the jail later and let Tammey out of his cell. She says that Tammey either found a poker in the jail or some one slipped him a black jack, and that armed with this he immediately attacked her brother, knocking him down with a blow over the head that cut a big gash in the head. She also says that while Jenkins lay prostrate Tammey kicked him in the face, breaking three of his teeth.

As Jenkins fell, Dr. W. G. Cheney, who was at the mayor's office on business, chanced to look into the jail and saw him. He gave the alarm and Mayor Lewis and other officers went into the jail. There Jenkins' wounds were dressed by Dr. Cheney and he was ordered released by the mayor.

As Jenkins was leaving the mayor's office accompanied by his sister, she says that Jenkins accused Lewis of having been responsible for his troubles and declared he would get even.

Lewis became very angry at this accusation and ordered Deputy Marshal McKinley to again lock Jenkins up. A crowd that had gathered began shouting "No, No," and Dr. Cheney said that Jenkins was in no condition to be locked up again. At this he was allowed to go home.

About midnight Saturday night Tammey was also released from jail and went home. Charges have not been preferred against either man so far. It is feared that serious trouble may develop later.

Street Commissioner Bell, in a telephone talk with The Times, denied that a poker, club or black jack had been used by Tammey to hit Jenkins. He said that in both fights Tammey used only his fists.

Bell also said Tammey did not kick Jenkins. He said Tammey had been placed in a cell but the marshal did not have the key to it. He shut the door and went away to get the keys. While he was gone Tammey opened the door of his cell and again went after Jenkins, using his fists only, according to Bell.

The Times could not locate Mayor Lewis to secure his version of the affair and other witnesses refused to talk at all.

Clean up with Soap that Disinfects

Be careful—just getting rid of dirt isn't enough. It's the germs, the unseen dirt that's dangerous. To drive them away use

Rub-No-More 5c
CARBO-NAPTHO SOAP

—the soap that disinfects as it cleans. It's the only soap made that combines the disinfecting qualities of Carbolic Acid with the cleaning properties of Naptha. Get it at your grocer's — 5c. Rub-No-More Washing Powder — its companion, kills dirt.

Conductor — "Beg pardon, ma'am, for dropping the nickel; I'll get it for you right away. Excuse these gloves too—they get so dirty handling the money, my wife hates to wash 'em. Says she can't get 'em clean."

Anty Drudge—"Well, that's a sad state of affairs. Get her to try Fels-Naptha Soap and she'll complain no more about washing your clothes. No backaches from Fels-Naptha or hard work either. Your wife can do a day's washing before noon if she uses it."

When Fels-Naptha Soap is used the hanging out is the hardest part of the washing.

No boiling.

No fire to keep red hot; no tiring and tedious rub-a-dub on the washboard.

Fels-Naptha Soap itself does the hardest part of the washday work—loosening the dirt in cool or lukewarm water.

The candidate for the Democratic nomination for representative in that county is K. S. Leitch of Russell.

"J. Howard Williams, of Russell, Greenup county, this week made formal announcement of his candidacy for the Democratic nomination as state senator from the Thirty-second District which is composed of the counties of Boyle, Elliott, Greenup and Lawrence. This district was represented at the last two sessions of the legislature by Senator J. T. Pritchard, of Rush. Williams, who is a railroad conductor and a strong man in the ranks of organized labor, has had legislative experience, having been the representative of Greenup county at the 1910 and 1912 sessions of the general assembly."

Rev. Pake Is Busy

Rev. Geo. L. Pake, formerly of Portsmouth, is doing things in his new location up in West Virginia. Concerning one of his activities the Logan Democrat, of Logan, W. Va., says:

Is A Lie Justifiable? Bible Class Says No

A spirited discussion took place Sunday morning, when the Bible class of the First Presbyterian church endeavored to decide whether nor not a lie is ever justifiable.

Each member of the class was asked to state their own individual opinion, and numerous angles of the question were talked over and brought up by the different speakers. The final concensus of opinions seemed to be that if there were any cases when such a course was justifiable, they were very, very rare.

Rugged old Presbyterians, with a literal regard for the Bible teachings, held that a lie was never allowable, while others thought it might be justifiable at times. References from different parts of the Bible were read to prove or disprove the various theories.

TRAVELED TO THE NORTH

Automobiles poked their noses northward, Sunday, and the Chillicothe pike was alive with benzine buggies. It was the only avenue open to smooth travel, and fully twenty-five local cars were driven to Piketon and Waverly. Sunday. With the Scioto bridge out and the Gallia pike a veritable roller coaster in smoothness, the autoists have no other alternative, and the Chillicothe pike is their speed-way these days.

NEGOTIATE WITH THE N. & W. FOR WAGE RAISE

Roanoke, Va., May 19.—Negotiations between a committee of division chairmen of the maintenance of way men on the Norfolk and Western system and the management of the road looking to the signing of a new working agreement and wage scale are yet in progress and it is not likely they will be concluded until the middle of the week.

A large number of the fourteen chairmen who have been spending the week here advising their sub-committee between conferences, have returned to their homes and left the negotiations in the hands of a sub-committee of five. It was learned today that the meetings with General Manager Needles and other railway officials have been entirely harmonious and it is believed only a few details are to be worked out before final signing of agreements satisfactory alike to management and employees.

Enjoyed Fine Talk By Dr. McConnaghy

People interested in missions enjoyed the talks given by Dr. David McConnaghy, member of the board of Foreign Missions of the Presbyterian church of the United States, at the Second Presbyterian church yesterday.

Mr. McConnaghy has been abroad for many years, doing work in the foreign fields, and he talks from experience and observance, bringing out many pertinent facts in a very strong and forceful way. In the afternoon there was a gathering of the heads of the different Missionary societies and the several boards of the church, etc., and Dr. McConnaghy talked to them for an hour on methods of service and the best manner in which to work to secure results.

It is possible that Rev. Charles Robertson will not be back to the city in time for next Sunday's services, but if not the pulpit will be filled by a substitute minister.

Golf Games Sunday

There were a number of exciting match games of golf played at the local links Sunday morning. The attendance thinned down considerably in the afternoon, as the golfites put away their midirons and putting sticks to see a more exciting game, that of base ball, by witnessing the Ironton-Portsmouth game.

According to Scout Billy Doyle Pitcher Stecker, who refused to report to Childs, is a free agent. His case will be taken up this week by the National Commission. Stecker contends that Mansfield neglected to send him a contract before February 1, the statutory limit in the base ball world.
